Environmental Policy

Teera-Mongkol Industry Public Company Limited is committed to conducting business with social responsibility. The Company has announced the policy to conserve energy, conserve the environment, and take care of the community under the principles of equality and fairness. The details of the environmental policy are as follows:

1. The Company has a policy for all departments to strictly comply with environmental laws, standards, and regulations.
2. The Company confirms that it will develop technology to manage, take care of, and maintain the environment according to international standards in all of the Company's activities for the environment, as well as living peacefully with the community.
3. The Company will continuously promote and develop innovations and environmental research.
4. The Company is committed to reducing greenhouse gases emission to achieve the goal of Carbon Neutrality by 2050 and Net Zero by 2065, in line with the guidelines that Thailand announced its cooperation at COP26.
5. The Company will operate renewable energy and energy conservation businesses that provide maximum benefits to the environment and the community in all dimensions.
6. The Company will promote participation and create awareness in conserving energy and the environment to use resources worthwhile, efficiently, and to maximize benefits.

Announcement made on 29th December 2023
